All AICTE approved Institutions are empowered to nurture ecosystems for Skilling (through Vocational courses) via making effective use of existing infrastructure facilities and human resources.

It is mandatory to comply with all the essential requirements as given in APH 2024-27 (Chapter-VI)

Important Instructions

1. As per mandatory Disclosure of APH 2024-27(Annexure-18, page180) Institutions must disclose the following information submitted to Council at the Prominent location on its website.
 - i. Department wise availability of Infrastructure along with approved courses and intake approved by the Council.
 - ii. Faculty details: Department wise: Name& Designation of the faculty members/teaching staff along with their qualification, tenure of service in your organization, total experience, Institution should also disclose Student Faculty Ratio, Cadre Ratio.
 - iii. Additionally Audited Financial Statements for last 3 Financial years.
2. Reservation Policy of the Central Government (Including EWS) / Respective State Government/ UT as the case shall be applicable to all the Programmes. The concerned State Government/ UT Admission authority shall decide Modalities of Admission.
3. The Institution offering courses earlier in the Regular Shift, First Shift, Second Shift/Part Time are now amalgamated as total intake and shall have to fulfil all facilities such as Infrastructure, Faculty and other requirements as per the norms specified in the Approval Process Handbook 2024-25 to 2027 for the Total Approved Intake.
4. In case of any differences in content in this Computer generated Extension of Approval Letter, the content/information as approved by the **Executive Council / General Council as available on the record of AICTE shall be final and binding.**
5. All AICTE institutions are highly encouraged to get NBA/NAAC accreditation. All eligible AICTE institutions are thoroughly encouraged to participate in NIRF ranking process.
6. Deemed to be University: Institutions Deemed to be Universities (Running Technical Education Programmes), it is mandatory to have AICTE approval from the Academic Year 2018-19 in compliance of the Hon'ble Supreme Court Order dated 03-11-2017 passed in CA No.17869- 17870 /2017.
7. AICTE Approved Institutes are encouraged to utilize SWAYAM PLUS Courses up-to 40%
8. Internship is mandatory for all admitted students.
9. AICTE Approved Institutes are encouraged to make efficient use of the flagship schemes like:
 - a. Parakh: Student Gap analysis portal bases services.
 - b. Students Scholarship schemes like Pragati, Saksham, Swanath, ADF, etc.
 - c. Course in Indian Languages.
 - d. ATAL FDPs: Faculty training for Emerging areas and cutting edge Technologies.
 - e. Augmenting Utilization of Research Assets (AURA).
 - f. Smart India Hackathon: World's largest Open Innovation Platform.

Head of Department
Name :- Prof. G. V. Bobade

HOD's Message :

I hope this message finds you well. As we embark on this academic year, I want to emphasize the importance of collaboration, dedication, and continuous learning. Let's strive for excellence in both academics and research. Remember to foster a positive and inclusive environment within our department.

For students, make the most of your education by engaging in class, seeking guidance when needed, and exploring opportunities for hands-on experiences. Your commitment to your studies will pave the way for a successful future.

To the staff, your dedication is vital in shaping the learning experience for our students. Let's work together to create an environment that promotes innovation and academic growth. Your expertise and support are invaluable.

I encourage open communication and constructive feedback. Feel free to reach out with any concerns or ideas. Let's make this academic year one of achievement and collaboration.

Diploma Computer Engineering

Name :-Prof. S. P.Kumbhar
Head of the Department

Message from the Computer Department Head

The Computer department is established in the year 2002 with an intake of 60 students. The Computer Department has well qualified and experienced teaching faculty members with various specializations. The Computer Department has maintained a student-staff ratio of 25:1, has excellent IT laboratories and infrastructure with state of the art equipment and software tools. The computer department aims at inculcating quality education to bring engineers with a solid foundation in basic engineering principles and software concepts. The students must be able to adapt to a new dynamic environment and react positively to new challenges and opportunities. Students are taught to be independent thinkers, create independent types of work, write technical reports and present their work because of Computer Department regularly organizes a series of lectures by experts, workshops & seminars. This activity bridge the gap between curriculum & IT industries& professional of good reput, helping the students to be aware of the Global Scenario.

Diploma Electronics and Telecommunication Engineering :

Head of Department profile
Name: Prof. S.R. JADHAV
Designation: HOD (E & TC)
Mobile : +91 8275257044

- Electronics and telecommunication can be viewed as the transmission, reception and processing of the information using electronic circuits and devices.
- Electronics and telecommunication engineering offers knowledge and practice to the aspirants in Electronics devices and circuits, Communication systems, Industrial electronics, Computer networks, Audio Video systems etc.
- It enables the outgoing graduates to give justice to job assigned in electronics and telecommunication field.
- After graduation in Electronics and Telecommunication Engineering, students can get jobs in various fields like core electronics companies, Embedded systems, Microprocessors, Telecommunications, Industrial Automation etc.
- Student can get jobs in Public Sector like BSNL, BEL, BHEL, SAIL, ONGC, DRDO, ISRO, BARC.

- In private sector there are thousands of industries where students can get jobs.

Vision

- To prepare students for understanding of recent technology in the field of Electronics and Telecommunication and facilitate them to acquire necessary skills to serve industry and society.

Mission

- To provide necessary facilities and academic support to the aspirants.
- To motivate the students for higher education and up gradation of skills.
- To provide quality education to introduce recent advances in the field of Electronics and Telecommunication Engineering.

Department of CIVIL Engineering

HOD DESK

For the fast-growing building and infrastructure industry, civil engineers are the backbone of all modern-day construction activities. Roads, railways, and metro projects in various parts of our country are basic examples that highlight the growing demand for civil engineering professionals. Most importantly, the industry requires skilled and quality professionals to meet these demands.

Civil engineers have wide opportunities in both private as well as government sectors. The department consists of a group of young and experienced faculty members who encourage students to think, plan, design, and develop innovative ideas in accordance with industry requirements.

With the motto of Outcome-Based Education (OBE) and adherence to MSBTE guidelines, students are able to learn various interdisciplinary skills, improve software literacy, and gain valuable internship opportunities.

We support students in developing both technical and soft skills to ensure their overall development. Our classrooms and laboratories provide an effective teaching and learning environment.

We also believe that civil engineers require substantial exposure to the industry to understand actual site conditions and remain updated with current industry practices. For this purpose, we frequently organize industry-oriented guest lectures and industrial visits.
