

Dr. Vasantodada Patil Shetkari Shikshan Mandal's  
**PADMABHOOSHAN VASANTODADA PATIL INSTITUTE OF  
TECHNOLOGY, BUDHGAON, SANGLI**

An Autonomous Institute, affiliated to Dr. Babasaheb Ambedkar Technological University, Lonere, Raigad  
(Accredited by NAAC)

**Department of Electrical and Computer Engineering**

In Semester Evaluation – I (ISE – I)  
Academic Year: 2026–27 (SEM III)

**Rules for Environmental Studies Poster Presentation and Making**

**1. Poster Size & Format**

- Standard chart paper (22 × 28 inches) or A2 size.
- Orientation: Portrait (unless otherwise instructed).

**2. Content Guideline**

- Posters should be related to Environmental Studies topics from the prescribed syllabus.
- Topics include Environmental Studies, Ecosystems, Biodiversity, Natural Resources, Environmental Pollution etc.
- Poster presentation topics are displayed on the department notice board.

**3. Design & Presentation**

- Use diagrams, flowcharts, graphs, illustrations, and tables instead of heavy text.
- Ensure neat handwriting and proper labeling of figures.
- Maintain approximately 40% text and 60% visuals/charts.

**4. Group/Individual Work**

- Posters may be prepared in pairs (maximum 2 students) unless otherwise instructed.
- Every participant must contribute equally during preparation and presentation.

**5. Presentation Rules**

- Presentation Time: 5 minutes + 1–2 minutes Question & Answer session.
- Students should explain environmental concepts in their own words.
- Reading directly from the poster or paper is discouraged.

**6. Materials & Restrictions**

- Only chart paper, sketch pens, markers, rulers, coloured papers, and printed figures are allowed.
- Computer-generated diagrams and graphs are permitted if neatly printed.
- Ready-made internet posters will not be accepted.
- Proper references should be mentioned wherever necessary.

**7. Evaluation Criteria (25 Marks)**

| Criteria                                 | Marks |
|------------------------------------------|-------|
| Content (Accuracy & Technical Knowledge) | 5     |
| Creativity & Neatness                    | 5     |
| Presentation Skills                      | 5     |
| Visual Design & Organization             | 5     |
| Questions & Answers                      | 5     |
| Total                                    | 25    |

In Semester Evaluation – I (ISE – I)  
Academic Year: 2026–27 (SEM III)

Date: 25 / 07 / 2026

**NOTICE**

All the students of Second Year Engineering are hereby informed that the Poster Presentation Activity for the subject Environmental Studies is scheduled on 04/08/2026 from 11:45 am./p.m. onwards in the Department of Electrical and Computer Engineering.

The Poster Presentation is a part of the In semester evaluation (ISE) for the Environmental Studies course. Students are required to prepare and present a poster on the allotted Environmental Studies topic.

Students are instructed to prepare their posters neatly and present them individually/in groups (as allotted). The presentation should include the introduction, objectives, key concepts, diagrams/illustrations, environmental issues, engineering applications, and conclusion related to the assigned topic.

**Note:**

- Attendance for the poster presentation is mandatory.
- Students must report to the venue 15 minutes before the scheduled time with their posters.
- Latecomers may lose marks as per the evaluation policy.
