PROFESIONAL SUMMARY

Total 3.6 years of experience in software development includes Analysis, Design and Development of **Web-based applications** using **Angular 7+, Node.js, HTML, CSS, and JavaScript**.

- Working of responsive design and development
- Knowledge of CSS Pre-processors
- Knowledge of version control like Git, Agile technologies
- Knowledge of RESTful APIs
- Experience in Material design, develop, test features in timely manner
- Applied best engineering practices

TECHNICAL PROFICIENCY

- **Operating Systems:** Windows 7, Windows 8.1 Pro, Windows 10, Linux (Ubuntu 16,20)
- **Languages:** C, C++, Java
- **Web Development:** HTML5, CSS3, JavaScript, Bootstrap5, Node.js, Express
- **Database:** MySQL, PostgreSQL, MongoDB,
- **Technologies:** Servlet, JSP, Web Services, Docker
- **Frameworks:** Spring, Hibernate, Angular 7+
- **Web Server:** Apache Tomcat 8.0
- **Tools:** MySQL Workbench, PhpMyAdmin, Robo 3T
- **IDE:** Eclipse, VS Code

TEACHING EXPERIENCE

Padmabhushan Vasantadada Patil Institute of Technology(Polytechnic)

Position: Lecturer

Experience Duration: January 2025 to Present (2 Years)

In this I have taught subjects like Linux, Web Page Design, Python with passionately and having focus on practical approach.

Subject Taught:

- 1.Linux Basics
- 2.Web Page Design
- 3.Programming in C
- 4.Object Oriented Programming using C++
- 5.Python
- 6.Web Page Design Using PHP

WORK EXPERIENCE

❖ **Emerson Innovation Center, Pune**

Position: Engineer II Software Development

Experience Duration: December 2022 to June 2023

Project: Portal for the internal connected services

Roles and Responsibilities:

- Designed and developed the user interface (UI) according to the wireframes.
- Contributed in the decision making of flow and features of the application.
- Extensively worked on chart.js and high-charts for graphical representation of data

Technologies: Angular 14, Angular Material, Chart.js

Description: The project consists of a web application in which the analysis and research, marketing related all other applications involved in a single portal. In this, there is a huge amount of data processing and data science technologies are involved in the backend. According to that data, created charts, graphs etc.

❖ **Fossgen Technologies, Pune**

Position: Full Stack Developer

Experience Duration: February 2022 to August 2022

Project: Open RC

Roles and Responsibilities:

- Designed and developed the UI for various user-roles.
- Created the forms for collecting the data using libraries like angular-formly.

Technologies: Angular13, Angular Material, Bootstrap, PostgreSQL, Keycloak, Spring boot in Backend

Description: The project consists of a Web application which collects the data and which is used for various other applications. It consists of various users and roles and according to that that specific users created various dashboards.

❖ **Aaryavarta Technologies, Pune**

Position: Junior Software Developer

Experience Duration: May 2019 to November 2021

Project: Game Portal for Real Money Games

Roles and Responsibilities:

- Developed the Frontend of Web application.
- Participated in software field testing to verify in-situ performance of developed projects.
- Revised, modularized and updated old code bases to modern development standards, reducing operating costs and improving functionality.

Technologies: Angular 8, Bootstrap, Node.js

Description: It provides a user-friendly and Highly Reliable Portal to Play the Real Money Games and the necessary transactions and manage Profile.

Project: Admin Dashboards

Roles and Responsibilities:

- Developed the Frontend admin dashboards with technologies HTML, CSS, JavaScript, JQuery.
- Gathered and defined customer requirements to develop clear specifications for project plans.
- Planned and developed interfaces that simplified overall management and offered ease of use.

Technologies: HTML, CSS, JavaScript, Bootstrap.

Description: It provides a user-friendly and attractive user interface for management and administrator to analyze the data.

ACADEMIC CREDENTIALS

- **M.Tech in Computer Science Engineering (CSE) Pursuing from 2025**
- Post-Graduate Diploma(C-DAC) Passed from Sunbeam Institute of Information and Technology, Pune in July 2017.
- B.E (Electronics and Tele-communication) Passed with First Class from Shivaji University, Kolhapur [62.81%] in July 2016.
- HSC Passed with First Class [67.83%] from Maharashtra Board in May 2011.
- SSC Passed with Distinction, [93.53%] from Maharashtra Board in June 2009.

PERSONAL DETAILS

- **Permanent Address** : - Sangli 416416,Maharashtra,India
- **Date of Birth** : - 26th November 1993
- **Language Known** : - English, Hindi, Marathi
