Sub. : - **Request for permission of Hospital visit for the Final Year Instrumentation Engg. Students.**

Respected Sir,

Padmabhooshan Vasantraodada Institute of Technology, Budhgaon, Sangli is the one of the well known private engineering institute in Maharashtra and affiliated to DBATU Lonere. Institute offers under graduate and post graduate education. Good infrastructure, dedicated and qualified staff, highly conductive environment for teaching and learning process and lush green campus are the hallmarks of our institute.

As per university curriculum; we are having subject Clinical Instrumentation for Final year. In order to give them practical knowledge, we would like to visit your organization. The visit is aimed at enhancing their knowledge. There would be total 34 students accompanied by 2 faculty members 1) Mrs. Smita S. Patil and 2) Mr. P .M. Magdum from our Instrumentation department.

I, therefore, request you to give permission for visiting your esteemed organization. Kindly looking ahead for positive response.

Thanking you,

Yours faithfully

Subject: - **Thanking Letter.**

Dear Sir,

Thank you very much for permitting us to visit your Kolhapur Cancer Hospital, Kolhapur on 9th Dec, 2022. We are thankful for giving us the opportunity to see your hospital. We would like to express our gratitude to all staff for spending their valuable time and the explaining critical technical features of equipment's. The visit was a wonderful learning experience for our students due to your kind efforts.

We certainly hope to foster a closer relationship with Kolhapur Cancer Hospital, Kolhapur that can result in mutual benefits.

Your kind hearted hospitality has made us to feel special during the visit. We are extremely thankful to you.

Thanking You with best regards.,

Dear Aniket
A Warm Welcome  **from Team YoLabs**

Welcome to the YoLabs family! We are excited to offer you the position of Solution Creator - Trainee effective from 19th Jan'22 for 6 months.

During your stint with us, we hope to provide you the space to express your creativity through your ideas, which we are confident, will help further Yolabs' goals of making education relevant and fun. These are exciting times to be in the Edtech space and we are glad to have you with us during this journey. Hop on aboard! 

The following pages will give you the nitty-gritty of your internship with us. If you have any questions, just reach out to us.

Subject: Permission for Industrial Visit.

Respected Sir,

We the students of B. Tech Electronics and Telecommunication Engineering have planned an Industrial Visit to Indian Space Research Organization (ISRO), Bangalore on 14 December 2022. This Industrial visit will help us to have sophisticated knowledge about the subject named Satellite Communication that is included in our syllabus. We have also planned to visit the Rail Museum. Herewith, we are attaching permission letter from ISRO and schedule of Industrial Visit. We will complete all formalities required for the industrial visit.

We hereby request you to please grant us permission for the industrial Visit.

Mr. C. M. Patil

Sir / Madam,

Sub: Permission to visit U R Rao Satellite Centre – Reg.

We are in receipt of your email letter dated November 30, 2022 requesting permission to visit URSC. Accordingly, you are permitted to visit on the **following date and time.**

14.12.2022	**02:00 PM to 03:00 PM (Batch - I)** **03:00 PM to 04:00 PM (Batch - II)**

Please provide details of your team members and faculty members along with an authorization letter from Head of the Department restricted to **27** members per batch only, subject to the following conditions:

Your team may report to URSC Reception Counter of Centre 15 minutes in advance in order to complete the administrative formalities for issuing entry passes.

1. **You are requested to strictly adhere to the time schedule mentioned above.**
2. **In case of any exigencies, we may cancel the above visit without any intimation.**
3. **Carrying Camera and taking photography inside this Centre is strictly prohibited.**
4. **Mobile phones and electronic gadgets are not allowed to be taken inside.**
5. **The visitors should declare items to be carried if any and seek permission, while entering this Center to the security personnel for checking.**
6. **No foreign nationals are allowed.**
7. **No Family members will be allowed inside this centre.**
8. **After the visit Acknowledgement letter will not be issued from the Organization.**
9. **Please note, all Students/Faculty shall strictly follow Covid Appropriate Behaviour inside URSC Premises, including Wearing of Face Mask. Entry is not permitted without mask.**

Please note that our office is located on Old HAL Airport Road, Bangalore-560 017 next to National Aerospace Laboratories (NAL). You can contact our Reception on 080-25084469 & 25084470.

The professor accompanying the Students may kindly contact the Reception Counter of this Centre to complete the administrative formalities and for issue of Entry pass in time.

Kindly acknowledge the receipt of this letter.

Yours faithfully,

30.11.2022

Department of Electronics & Telecommunication Engineering

A one day Industrial visit to U. R. Rao Satellite Centre (ISRO), Bangalore was organized by Department of Electronics and Telecommunication on 14th December 2022. It was a half day visit by 45 students of 7th semester along with 2 faculty members. U. R. Rao Satellite Centre (ISAC) is the lead center of the Indian Space Research Organization (ISRO) responsible for design, development, assembly & integration of communication, navigation, remote sensing, scientific and small satellite missions.

For the benefit of students there is a space exhibition center at ISAC. Our students were able to see the exhibition. Scientist Mr. H L Srinivasa explained each and every display unit kept for the exhibition. It includes the models of the first Indian satellite Aryabhatta, APPLE, INSAT series etc. Satellites are basically of two types- Indian Remote Sensing (IRS) satellites and communication satellites. IRS-1A was the first remote sensing mission undertaken by the Indian Space Research Organization (ISRO). It was a part-operational, part-experimental mission to develop Indian expertise in satellite imagery. Students also gained knowledge about how television signals are broadcasted with the help of satellites. A working model was demonstrated. Various images of India taken at different angles from the satellites, for the purpose of geographical/weather study were seen.

Different electronic devices used in satellite and space communication were explained. The 'clean room' concept for assembling of satellites were shown to us. It was a great experience for the students. A video depicting the moon mission of 'Chandrayan' was also displayed. At last, Scientists answered many of the doubts which students had about satellite launching. The Industrial Visit was a great benefit for the students to directly understand about the various concepts of satellite and space missions done by ISRO.
