Subject: Seeking permission for Industrial Visit.

Dear Sir/Madam,

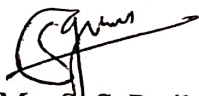

Our institute **Padmabhooshan Vasantraodada Patil Institute of Technology, Budhgaon (Sangli)** is leading educational institute in west Maharashtra since 1983, offering four-year degree courses in different engineering streams like Mechanical Engineering, Civil, ETC, Chemical, Instrumentation & Control, CSE, CSE(AIDS), ECS, Electrical & Computer Science etc. and two-year Post Graduate courses like Mechanical (Design), Mechanical (Heat Power), ETC, Electrical etc.

Department of Computer Science and Engineering is planning for industrial visit of our students as an academic part related to their syllabus. For same, we wish to visit **One Star Software Solution, Sangli** to see working environment & practical approach and to know new technologies used. We expect you will guide our students for betterment of their knowledge & career.

We assure you that our students will observe the rules and regulations and will in no way disturb the functioning of the company during their visit.

I request you, too kindly grant permission to visit your esteemed organization. Your positive response in this regard will be highly solicited.

Thanking you.

Industry Visit Report

15th May 2024

Details of Journey:

Padmabhooshan Vasanttraodada Patil Institute of Technology, Budhgaon. had organized an industrial visit on 15th May 2024 to One Star Software Solution located in Sangli for the students of Computer Science and Engineering. The visit was organized by Prof. Mrs. D.D. Dhokate, HOD of CSE branch & Prof. Mrs. S.S. Patil was the Faculty coordinator for the industrial visit. We started travelling from the college campus at 02:00 pm via our college bus. Totally 55 students along with 2 coordinators faculty were there in the journey. Mr. S. G. Mane (CEO) started the session by a brief introduction about company. He shared his experience of Software solution with us and guide for the other trends.

Purpose:

Industrial visits are an integral part of Engineering and acknowledgement of technology upgrades. The purpose of industrial visits for students is to provide technical knowledge with the technological development in the industry and to understand the gap between theoretical and practical knowledge that could be passed in future.

This experience can help students to provide information regarding the functioning of various industries and associated problems and limitations.

Company Profile:

Onestar Software Solution is a dynamic and forward thinking company dedicated to providing high quality software solutions to meet the diverse needs of our clients. Despite our humble beginnings, we have a vision to become a leading player in the industry, recognized for our commitment to innovation, quality and customer satisfaction.

Aim of the Industrial Visit:

1. To interact the students with actual Software Solutions.
2. To make them aware of the industrial procedures required to enter in any company.
3. To enhance industrial knowledge.

Industrial Visit Summary:

This one-day Industrial Visit for students provides in-depth knowledge about working culture of Onestar software solution and careers with necessary distancing and proper sanitization. It was an absolute free Industrial Visit. Also, it was strictly a non-advertising workshop and Industrial Visit. Industrial visit was being held at Sangli where students got an opportunity to acquire live theoretical and practical knowledge on recent trends in Software solutions and IT industries.

Presentation by Mr. S. G. Mane.(CEO of Onestar Software Solution,sangli.)

Outcomes of the Industrial Visit to students:

1. This Industrial visit is very helpful in our future practical Life & bring a positive change in our thinking & practical behavior regarding Education & specializing our technical skills.
2. The Industrial Visit helped us to bridge the gap between academics and industry.
3. The Industrial Visit is helpful for student internship.

The Points covered:

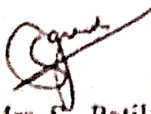

1. Advance Software Solution.

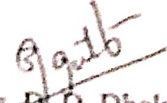

Conclusion:

Industrial visits are arranged by colleges for the students to provide an opportunity to explore different sectors in which the students are passionate about it, Manufacturing, services, finance, and marketing. Industrial visit helps to mix theoretical knowledge with practical knowledge in a good way. From this visit, we got the information and practical knowledge about different Software and Software solution.

Student Experience:

It was our immense pleasure to visit the company Onestar Software Solution on 15th May 2024, Wednesday. Being a future software engineer it was a great opportunity for students of B. Tech CSE 2nd year to visit the industry for the first time and groom ourselves into corporate professionals and acquire more innovative skills.

Subject: - Seeking permission for Industrial Visit and Bus facility.

Respected Sir,

This is a request letter to seek your kind permission for an Industrial visit, as per our university norms, the students are expected to visit prominent industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry for the practical exposure and insights to the real working environments.

We wish to visit the company for a day, preferably on 11th May 2024, the total number of students would be approximately 80 accompanied by four faculty members.

So kindly give us the permission for industrial visit and also we need our college bus facility for this visit.

The details are given below.

Industrial Visit details:

Company Name: One Star Software Solutions, sangli.

Location: 15/A, Vardhaman Complex, High School Road, Vakhar Bhag, Sangli – 416416.

Industry Visit Report

11th May 2024

One Star Software Solutions

Details of Journey:

Padmabhooshan Vasanthaodada Patil Institute of Technology, Budhgaon. had organized an industrial visit on 11th May 2024 to One Star Software Solutions located in Sangli for the students of Computer Science and Engineering (Artificial Intelligence and Data Science) Engineering. The visit was organized by Prof. Ms. R. R. Jagtap , HOD of CSE (AIDS) engineering branch & Prof. Mrs. A. G. Chendke was the Faculty coordinator for the industrial visit. We started travelling from the college campus at 01.30 pm via our college bus. Totally 38 students along with 2 coordinators faculty were there in the journey. Mr. Shreyas Mane (CEO) started the session by a brief introduction about company. He shared his experience of IT sector with us and guide for the other trends.

Purpose:

Industrial visits are an integral part of Engineering and acknowledgement of technology upgrades. The purpose of industrial visits for students is to provide technical knowledge with the technological development in the industry and to understand the gap between theoretical and practical knowledge that could be passed in future.

This experience can help students to provide information regarding the functioning of various industries and associated problems and limitations.

Company Profile:

One Star Software Solutions was established in 2015 at Sangli. Mr. Shreyas Mane is the founder and CEO of this company. One Star Software Solutions is not just a IT services provider, but a company passionate about true relationship building and client satisfaction. This company provides different services to clients like banking & finance, Healthcare, Digital & marketing agencies, retail & e commerce, Education & E-learning, Automotive, Travel & tourism, Publishing & advertisement etc.

Aim of the Industrial Visit:

1. To provide students an insight regarding internal working of company.
2. To know things practically through interaction, working methods and employment practices.

Industrial Visit Summary:

This one-day Industrial Visit for students provides in-depth knowledge about working culture of One Star Software Solutions and careers with necessary distancing and proper sanitization. It was an absolute free Industrial Visit. Also, it was strictly a non-advertising workshop and Industrial Visit. Industrial visit was being held at Sangli where students got an opportunity to acquire live theoretical and practical knowledge on recent trends in IT industry.

Presentation by Mr. Shreyas Mane (CEO, One-star Software Solutions, Sangli.)

Session 1: Presentation about Latest Technology & work in IT world

Mr. Shreyas Mane had given welcome speech & also given introduction about the company. He has explained about different technologies available for computer engineers. Also explained in detail about various platforms available for web development, software development, mobile application development. He explained history of company, which type of the facilities they are providing to the clients & also explained an importance about digital marketing & social marketing.

Session 2: Experience Zone

During this session all the students have visited company where all the employees are doing work. Mr. Shreyas Mane had explained about all the departments of the company. Departments are namely Web Development, Digital Marketing, Android Development IOS Development, QA & Project Planning & more than 100 Employees are working there. Really this was a fruitful visit for our students because they explained to our students how they are working & about an industry atmosphere & about technology. Students were very excited to know this information.

Session 3: Question Answer (QA)

In this session, they asked to students if anybody having doubt in any projects related or any specifications. During the Interaction between industry expert & our students they guided to all the students about how to get selected for Internship in the same company through pool drive.

Outcomes of the Industrial Visit to students:

1. This Industrial visit is very helpful in our future practical Life & bring a positive change in our thinking & practical behavior regarding Education & specializing our technical skills.
2. The Industrial Visit helped us to bridge the gap between academics and industry.
3. This visit was very informative & interesting for our students. They cleared all doubts about web development & latest technologies in Computer Sector.

The Points covered:

1. Get awareness about new technologies.
2. Different departments of Industry such as development, testing, management, HR etc.
3. Working and importance of each department present in the company.
4. Provide an exposure to students about practical working environment.
5. Gain a combined knowledge about both theory and practice.

Conclusion:

Industrial visits are arranged by colleges for the students to provide an opportunity to explore different sectors in which the students are passionate about it, Manufacturing, services, finance, and marketing. Industrial visit helps to mix theoretical knowledge with practical knowledge in a good way. From this visit, we got the information and practical knowledge about different departments/sectors in the IT Industry. As One Star Software Solutions, Sangli is working on different methodology. Students got the idea of what is this methodology and it's working. Moreover, it gives exposure from the academic point of view to the students. The main aim of industrial visits is to give exposure to the students about the practical working environment with theoretical learning. They provide students a good opportunity to achieve full awareness about industrial practices and working. About 60 students of 6th Semester computer sciences and Information Technology and faculty mentors Mrs. A. G. Chendke and Mrs. S. S. Patil benefited from this visit as they got a chance to discuss with the center head and other engineers working at One Star Software Solutions. Students learned the atmosphere and working culture which shows the success of this visit.

Student Experience:

It was our immense pleasure to visit the company One Star Software Solutions on 11th May 2024, Friday. Being a future software Engineer it was a great opportunity for students of B. Tech CSE (AIDS) 2nd year to visit the industry for the first time and groom ourselves into corporate professionals and acquire more innovative skills.

We visited the industry to interact and understand the latest technologies related to hardware and software.

Subject: - Seeking permission for Industrial Visit and Bus facility.

Respected Sir,

This is a request letter to seek your kind permission for an Industrial visit, as per our university norms, the students are expected to visit prominent industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry for the practical exposure and insights to the real working environments.

We wish to visit the company for a day, preferably on 3rd May 2024, the total number of students would be approximately 80 accompanied by four faculty members.

So kindly give us the permission for industrial visit and also we need our college bus facility for this visit.

The details are given below.

Industrial Visit details:

Company Name: tCognition, Kolhapur.

Location: Kolhapur Infotech park, Suite 2, 2nd floor Kolhapur - 416008, Maharashtra

Day and Date: Friday, 3rd May 2024

Subject: Seeking permission for Industrial Visit.

Dear Sir/Madam,

Our institute Padmabhooshan Vasantraodada Patil Institute of Technology, Budhgaon (Sangli) is leading educational institute in west Maharashtra since 1983, offering four-year degree courses in different engineering streams like Mechanical Engineering, Civil, ETC, Chemical, Instrumentation & Control, CSE, CSE(AIDS), ECS, Electrical & Computer Science etc. and two-year Post Graduate courses like Mechanical (Design), Mechanical (Heat Power), ETC, Electrical etc.

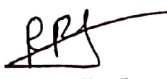

Department of Computer Science and Engineering (Artificial Intelligence and Data Science) is planning for industrial visit of our students as an academic part related to their syllabus. For same, we wish to visit tCognition, Kolhapur to see working environment & practical approach and to know new technologies used. We expect you will guide our students for betterment of their knowledge & career.

We assure you that our students will observe the rules and regulations and will in no way disturb the functioning of the company during their visit.

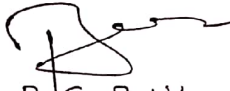

I request you, too kindly grant permission to visit your esteemed organization. Your positive response in this regard will be highly solicited.

Thanking you.

Industry Visit Report

3rd May 2024

tCognition, Kolhapur.

Details of Journey:

Padmabhooshan Vasanthaodada Patil Institute of Technology, Budhgaon. had organized an industrial visit on 3rd May 2024 to tCognition located in Kolhapur for the students of Computer Science and Engineering (Artificial Intelligence and Data Science) Engineering. The visit was organized by Prof. Ms. R. R. Jagtap, HOD of CSE (AIDS) engineering branch & Prof. Mrs. A. G. Chendke was the Faculty coordinator for the industrial visit. We started travelling from the college campus at 11:00 am via our college bus. Totally 60 students along with 2 coordinators faculty were there in the journey. Mr. Aniket Dange (Sr. Recruiter) started the session by a brief introduction about company. He shared his experience of IT sector with us and guide for the other trends.

Purpose:

Industrial visits are an integral part of Engineering and acknowledgement of technology upgrades. The purpose of industrial visits for students is to provide technical knowledge with the technological development in the industry and to understand the gap between theoretical and practical knowledge that could be passed in future.

This experience can help students to provide information regarding the functioning of various industries and associated problems and limitations.

Company Profile:

tCognition was established in 2003 at Kolhapur. Mr. Manoj Shinde was the founder and CEO of this company. They have global presence in India (Kolhapur), USA, UAE (Dubai) and Singapore. tCognition has since become a truly global IT solution and services provider, capable of developing awe-inspiring custom applications. tCognition is not just a IT services provider, but a company passionate about true relationship building and client satisfaction. This company provides different services to clients over the world like bankig & finance, Healthcare, Digital & marketing agencies, retail & e commerce, Education & E-learning, Automotive, Travel & tourism, Publishing & advertisement etc.

Aim of the Industrial Visit:

1. To interact the students with actual industry personals.
2. To make them aware of the industrial procedures required to enter in any company.
3. To experience the working environment in industry and visualize all the important Departments in the Industry.
4. Interaction of students with the peoples of all important departments.
5. To prepare the students for the selection of carrier path in different departments of industry.

Industrial Visit Summary:

This one-day Industrial Visit for students provides in-depth knowledge about working culture of tCognition and careers with necessary distancing and proper sanitization. It was an absolute free Industrial Visit. Also, it was strictly a non-advertising workshop and Industrial Visit. Industrial visit was being held at Kolhapur where students got an opportunity to acquire live theoretical and practical knowledge on recent trends in IT industry.

Presentation by Mr. Aniket Dange (Sr. Reruiteer, tCognition,Kolhapur.)

Session 1: Presentation about Latest Technology & work in IT world

Mr. Aniket Dange had given welcome speech & also given introduction about the company. He has explained about different technologies available for computer engineers. Also explained in detail about various platforms available for web development, software development, mobile application development. He explained history of company, which type of the facilities they are providing to the clients & also explained an importance about digital marketing & social marketing.

Session 2: Experience Zone

During this session all the students have visited company where all the employees are doing work. HR manager had explained about all the departments of the company. Departments

are namely Web Development, Digital Marketing, Android Development IOS Development, QA & Project Planning & more than 100 Employees are working there. Really this was a fruitful visit for our students because they explained to our students how they are working & about an industry atmosphere & about technology. Students were very excited to know this information.

Session 3: Question Answer (QA)

In this session, they asked to students if anybody having doubt in any projects related or any specifications. During the Interaction between industry expert & our students they guided to all the students about how to get selected for Internship in the same company through pool drive.

Outcomes of the Industrial Visit to students:

1. This Industrial visit is very helpful in our future practical Life & bring a positive change in our thinking & practical behavior regarding Education & specializing our technical skills.
2. The Industrial Visit helped us to bridge the gap between academics and industry.
3. This visit was very informative & interesting for our students. They cleared all doubts about web development & latest technologies in Computer Sector.
4. We are very happy for this industry for provide such knowledge to our students.

The Points covered:

1. Recent trends in IT Industry.
2. Different departments of Industry such as development, testing, management, HR etc.
3. Working and importance of each department present in the company.
4. Challenges while working on actual projects.

Conclusion:

Industrial visits are arranged by colleges for the students to provide an opportunity to explore different sectors in which the students are passionate about it, Manufacturing, services, finance, and marketing. Industrial visit helps to mix theoretical knowledge with practical knowledge in a good way. From this visit, we got the information and practical knowledge about different departments/sectors in the IT Industry. As tCognition, Kolhapur is working on different methodology. Students got the idea of what is this methodology and it's working. Moreover, it gives exposure from the academic point of view to the students. The main aim of industrial visits is to give exposure to the students about the practical working environment with theoretical learning. They provide students a good opportunity to achieve full awareness about industrial practices and working. About 60 students of 6th Semester computer sciences and Information

Technology and faculty mentors Mrs. M. M. Raste and Mrs. A. G. Chendke benefited from this visit as they got a chance to discuss with the center head and other engineers working at tCognition. Students learned the atmosphere and working culture which shows the success of this visit.

Student Experience:

It was our immense pleasure to visit the company tCognition on 3rd May 2024, Friday. Being a future software engineer it was a great opportunity for students of B. Tech CSE (AIDS) 3rd year to visit the industry for the first time and groom ourselves into corporate professionals and acquire more innovative skills.

We visited the industry to interact and understand the latest technologies related to hardware and software. tCognition, Kolhapur campus is a state-of-the-art facility with a distinct style that blends local culture and aesthetics with several world-class features.

We wish that someday we are there working and being called as 'proud youth of India'.

Report on Industrial Visit at Shreenath Electricals Pvt. Ltd., Kupwad MIDC, Sangli

On the dated **24, FEB. 2024**, our college **Padmabhooshan Vasanttraodada Patil Institute Of Technology, Sangli (Budhgaon)**, Made a programme to visit at Shreenath Electricals Pvt. Ltd., Kupwad MIDC, Sangli

A Brief Introduction...

Shreenath Electricals is a reputed manufacture of power and distribution transformers. They are having fully equipped workshop and technically qualified persons with rich experience in the field of manufacturing power and distribution transformer up to 2 MVA, 33 KV.

The company is approved by many reputed consultants in this field and successfully supplied transformers through most of them.

❖ Expertise :-

- Power and distribution transformer up to 2 MVA, 33KV.
- For the repairing of weir and distribution transformers up to 5000 KVA, 66 KV.
- For transformers oil filtration on site.
- For installation and commissioning of power and distribution transformers at customers site.
- Annual contract of servicing of customers transformers at their site.

❖ Design :-

The products are listed below.

- Distribution transformers up to 2000 KVA, 33 KV class
- Step up transformers up to 2000 KVA, 33 KV class
- Earthing transformer
- Low voltage transformers for industrial applications
- Special transformers to meet customers specific requirement
- Furnace duty transformers

Transformers are designed and tested as per ISS 2026-1977. The transformers are design by highly technical and experienced design engineer.

Sub: Permission for industrial visit.

Respected Sir,

PvPIT Budhgaon is one of the most reputed Engineering institutions in Maharashtra and known for excellent record in academics and co-curricular activities. The college offers Bachelor Degree course in EE, CE, IE, ETC, ETX, CSE, Chem., AI & DS and MICH. The state-of-the-art facilities and competent faculty provide an excellent climate for the all-round development of the students.

As a part of curriculum, the students are required to undertake industrial visit to an industries of repute. We feel it will be fruitful that the students with academic background have a glimpse of the industry in order to have a better appreciation of industrial practices.

In above background, we would like to send a batch of about 65 students of Electrical Engineering of Third Year accompanied by 02 staff members to visit your industry your suitable date on 24th Feb. 2024. I request you to kindly accord the necessary permission for the above visit and it will be helpful if you arrange for guidance to the students.

We assure you that our student will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company during their visit. We shall be grateful for a favorable response.

Thanking You.

Yours faithfully

Subject: Regarding testing facility in the Electronics department

Dear Sir,

An electric vehicle charger for two, three, and four wheelers has been developed and manufactured by DSK Networks and Solutions Pvt. Ltd. Sangli. Ten tests in our own laboratory have been finished. We must test our control board PCB in the electronics department in accordance with the terms of the MoU we signed and the subject matter mentioned above.

I'm requesting you at this moment to give us permission to use your resources in the Electronics department's Analog Electronics Circuit Laboratory.

Thanking you.

Directed to Barc Lab.

Subject: Regarding testing facility in the Electronics department

Dear Sir,

An electric vehicle charger for two, three, and four wheelers has been developed and manufactured by DSK Networks and Solutions Pvt. Ltd. Sangli. Ten tests in our own laboratory have been finished. We must test our control board PCB in the electronics department in accordance with the terms of the MoU we signed and the subject matter mentioned above.

I'm requesting you at this moment to give us permission to use your resources in the Electronics department's Analog Electronics Circuit Laboratory.

Thanking you.

Directed to Basic
Electronics Lab.

To,
The Principle,
Degree Wing PVPIT.
Budhgaon, 416 304.

We're thrilled to recognise the outstanding achievements of **Amey Ingale, Sakshi Jambhale, and Sakshi Patil of the Electrical Engineering Department of your Institute**, who have recently completed an internship sponsored by our company in industrial automation and PLC programming.

Throughout their internship tenure at our company, they exhibited unwavering dedication, enthusiasm, and a profound commitment to learning. They played an integral role in several projects, most notably the **automation of the Lump-breaking and Dedusting system using PLC technology**. This project, generously sponsored by our company, was designed to streamline industrial processes, and it served as a platform to showcase their remarkable technical prowess and adept problem-solving skills.

Their exemplary performance not only underscored their individual talents but also highlighted the invaluable impact of our sponsorship in providing practical, hands-on learning experiences. We are confident that the skills they have acquired, coupled with their successful completion of this sponsored project, have equipped them for prosperous careers ahead.

We take great pride in having been a part of their professional development journey and extend our heartfelt appreciation to **Pad. Vasantraodada Patil Institute of Technology, Budhgaon, Sangli** for facilitating this collaboration. As we look towards the future, we eagerly anticipate the opportunity to continue supporting and nurturing aspiring talent in their academic and professional pursuits.

Warm regards,

Omkar Adhir Rege.
