❖ Message from Principal :

We believe, "Employee" are most valued resource of the institute. Their interests and welfare is the prime concern. We strive to explore their best by creating opportunities for growth and development while maintaining discipline, culture and values of the institution.

Admin manual is the prime mover for the optimum utilization and contribution by human resources and also for their morale and motivation in any organization. Admin manual is a dynamic process and hence policies require continuous review and updating. It has become more important now because of fast changing trends in the technical education.

As a number of changes in educational policies are taking place and a number of facilities/benefits/allowances etc. are also being revised, this edition of Admin manual has been published to cater to the needs of employees for quick reference. This Manual contains summary of existing instructions on various subjects. However, for further details and authenticity on each subject, the relevant circulars should be referred.

I hope you will find this Manual handy and useful.

"Welcome to the PVPIT family."

7.2.2.4 THE PRACTICE: Different booklets are printed in each department in semester-wise manner. Each class teacher presents the booklet to the class students during the first class of the new semester, at free of cost. The booklets are also given to the teaching faculties so they can refer to it and plan their teaching activities in accordance to the plan specified in the booklet. The HOD with concerned staff makes minor revisions in the booklet contents on yearly basis and a major revision is done when the change of syllabus cycles occurs.

7.2.2.5 EVIDENCE OF SUCCESS: Since its introduction in 2013, up to 100 completion of syllabus in timely manner has been observed in majority of cases. Also an increased trend in percentage of passing and course excellence has been observed.

7.2.2.6 PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED: Matching the dates for conducted lectures over the planned ones is very challenging to achieve.
